Dear Mr. Lee:

I am writing at the suggestion of Sunne McPeak, Executive Director of the Bay Area Council, and Bill Hauck, Executive Director of the California Business Roundtable.

The CALFED Bay-Delta Program is making initial plans for the July meeting of the Bay-Delta Advisory Council, of which Sunne McPeak is the Vice-Chair. A principal focus of this meeting will be on the perspective of California business on the CALFED Program. Because of your interest and involvement on the issue of the future of water management in California from the business community's perspective, we would like to invite you to participate in the Program at our July meeting. The meeting will be held at the Hyatt San Jose Airport on July 16.

A member of the staff will call later this week to describe the preliminary agenda and to discuss how you or members of the Business Roundtable's Water Task Force may be able to participate. We look forward to talking with you.

Sincerely,

Lester A. Snow
Executive Director
